

THE NEW ALL-ELECTRIC
MINI COOPER.

MINIMALIST TO THE MAX.

The new all-electric MINI Cooper stands for purism in its most charismatic way. Our design approach dispenses with unnecessary elements and focuses on maximum reduction. Clear and flush surfaces, sleek lines and balanced proportions give the exterior, designed with the greatest attention to detail, a confident and striking form.

IT STANDS OUT.

The engaging presence of the new all-electric MINI Cooper is defined by its iconic front design and short overhangs. In addition, the modern, futuristic design is underlined by the striking octagonal radiator grill surround and the circular, flat MINI LED headlights.

LESS IS MORE MINI.

The new all-electric MINI Cooper is a progressive purist, which combines minimalism with comfort and innovation.

MINI EXPERIENCE MODES.

Reflect your own mood. The MINI Experience Modes open a world of connected and emotional experiences that awaken your senses. Each mode is a specially coordinated interplay of visual design, ambient lighting, and sound design. With just one command, you can completely change the look of your cockpit.

OLED, OLED, OLED, OLED.

The pulsating heart and centre of your cockpit is the unique, round OLED display. With state-of-the-art OLED technology, a diameter of 240 mm and a high-quality glass surface, the display has a distinctive, minimalist look. It serves as an instrument cluster and controls at the same time the infotainment and assistance systems. The round shape is a world innovation.

GOING NEW WAYS WITH INNOVATIVE MATERIALS.

Using fabrics, MINI establishes a completely new aesthetic. The new material we use for the cockpit and door panels creates a particularly pleasant ambience. The fabric is high-quality and easy to clean. It offers a pleasant tactile experience, more design options and serves as the perfect canvas for the exciting projections in the various MINI Experience Modes.

LED HEADLIGHTS WITH EXTENDED RANGE.

Daytime running light elements and matrix rear lights switchable in three different signatures including Welcome and Goodbye light scenario.*

CLASSIC TRIM.*

With the Classic Trim MINI brings a modern 2D knitted fabric for the first time into the interior of a production vehicle. On the dashboard and in the doors, the two-tone or black knitted material builds a fascinating contrast to the high-quality Vescin synthetic leather seats. It is available in black/blue with a perforated houndstooth pattern; the side surfaces are in a contrasting blue fabric. On the outside, the radiator grill is finished in high-gloss black and the MINI logo in Vibrant Silver.

FEATURES.

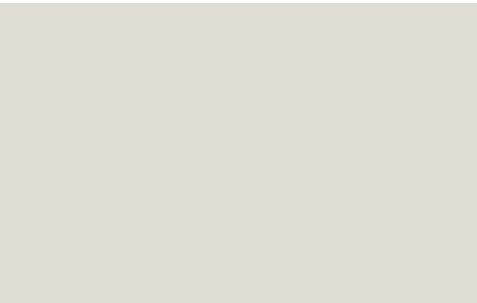

Seats:	Sports seat synthetic leather Vescin/fabric combination black/blue.
Steering wheel:	Three-spoke sports steering wheel in Vescin synthetic leather, stitching and accents in Vibrant Silver.
Interior finish:	Dashboard and door trim in two-tone 2D-knit black/blue.
Rims:	17" Parallel Spoke 2-Tone.

Note: Description and illustration exemplary for MINI Cooper E 3-Door. Changes can be made at any time.

● *Trim only available for MINI Cooper E.

Blazing Blue.

Sunny Side Yellow.

FAVOURED TRIM.*

The Favoured Trim is modern and sophisticated, yet has a very special and individual style. It is the most expressive trim for true individualists with a two-tone houndstooth pattern on the knitted dashboard. The JCW sports seats in Vescin perforated synthetic leather, available in Nightshade Blue and with traditional accent stitching, complement this extravagant trim level. On the outside, the radiator grill in Vibrant Silver stresses the vehicle’s front end.

FEATURES.

Seats:	JCW sports seat synthetic leather Vescin Nightshade Blue. JCW sports seat synthetic leather Vescin beige.
Steering wheel:	Three-spoke sports steering wheel in Vescin synthetic leather. Stitching and accents in Vibrant Silver.
Interior finish:	Dashboard and door trim in 3D-knit grey/beige.
Rims:	18” Night Flash Spoke 2-Tone.

Note: Description and illustration exemplary for MINI Cooper SE 3-Door. Changes can be made at any time.

 *Trim only available for MINI Cooper SE.
